Purpose

This form is used to request the use of school district facilities by organizations or individuals. Any such actions will result in revoking the organization rights to utilize the facilities.

Where should the completed Request for Use of School Facilities form be submitted for approval?

The completed form must be submitted to the designated building administrator to authorize the use and certify that the requested facility is available at the requested time. After approving the request the building administrator will forward the form to the District's Business Administrator to determine the applicant's estimated fees for use of the facilities.
